

COOCOONLY BABY CARRIER

IMPORTANT! READ ALL INSTRUCTIONS CAREFULLY
BEFORE USING THE CARRIER. RETAIN THESE
INSTRUCTIONS FOR FUTURE REFERENCE.

SAFETY INSTRUCTIONS

FALL AND SUFFOCATION HAZARD

FALL HAZARD — Babies can fall through a wide leg opening or out of the carrier.

- Before each use, make sure all fasteners and seams are secure.
- Take special care when leaning or walking.
- Never bend at the waist; always bend at the knees.
- Only use this carrier for babies between 7-44 lb (3-20 kg)
- Discontinue use if the child exceeds weight limits or shows signs of outgrowing the panel height.

SUFFOCATION HAZARD — Babies under 4 months can suffocate if their face is pressed against your body or fabric.

- Do not overtighten the carrier to the point that it restricts movement or breathing.
- Allow room for head movement.
- Keep your baby's face free from obstructions at all times.
- If you nurse your baby in the carrier, always reposition after feeding so their face is not pressed against your body.
- Always supervise your child in this carrier. Stop using if any part becomes damaged.

SAFETY INSTRUCTIONS

- Read all instructions before assembling and using the soft carrier.
- Keep instructions for future use.
- Check to ensure all buckles, snaps, straps, and adjustments are secure before each use.
- Check for ripped seams, torn straps or fabric, and damaged fasteners before each use.
- Ensure proper placement of the child in the product, including leg placement.
- Your baby must face towards you until they can hold their head upright.
- Premature infants, infants with respiratory problems, and infants under 4 months are at greatest risk of suffocation.
- Never use a soft carrier when your balance or mobility is impaired due to exercise, drowsiness, or medical conditions.
- Never use a soft carrier while engaging in activities such as cooking and cleaning that involve a heat source or exposure to chemicals.
- Never wear a soft carrier while driving or riding as a passenger in a motor vehicle.
- Your balance may be adversely affected by your movement and that of your child.
- Take care when bending or leaning forward or sideways.
- This carrier is not suitable for use during sporting activities.
- For low birth-weight babies and children with medical conditions, seek advice from a healthcare professional before using this product.
- Be aware of hazards in the domestic environment, e.g. heat sources and the spilling of hot drinks.
- Stop using the carrier if parts are missing or damaged.
- Constantly monitor your child and ensure their mouth and nose are unobstructed.
- Ensure your child's chin is not resting on their chest, as this can obstruct breathing and lead to suffocation.
- To prevent falls, ensure that your child is securely positioned in the carrier.
- Take great care near hot objects or when drinking hot liquids (risk of spilling).
- Never leave a child unattended in or with the carrier.

ADDITIONAL PRECAUTIONS

- The maximum weight allowed for the carrier is 44 lb (20 kg).
- Keep the carrier out of the reach of children.
- The carrier should be inspected regularly for possible signs of damage or wear.
- The carrier is suitable for only one child at a time.
- Your movement and your child's movement may affect your balance.
- The carrier is not suitable for use during sporting activities, e.g. running, cycling, swimming, or skiing.
- Be aware of the increased risk of your child falling out of the carrier as they become more active.
- Ensure proper placement of the child in the product, including leg placement.
- Premature infants, infants with respiratory problems, and infants under 4 months are at greatest risk of suffocation.
- Never use the carrier when your balance or mobility is impaired due to exercise, drowsiness, or medical conditions.
- Never use the carrier while engaging in activities such as cooking and cleaning that involve a heat source or exposure to chemicals.
- Never wear the carrier while driving or when riding as a passenger in a motor vehicle.
- We recommend that you first use the carrier at with a second person available to offer assistance.
- Keep the carrier away from children when it is not in use.
